PROFESSIONAL SUMMARY

A 3rd year Computer Engineering student at La Salle University Ozamiz with hands-on experience in web development, software projects, technical support, and remote operations. Skilled in programming, responsive web design, team collaboration, and problem-solving. Experienced in delivering school-based web applications, managing digital workflows, and communicating effectively with clients and team members.

PROFESSIONAL EXPERIENCE

Web Development Project Intern (Academic Project Experience) | La Salle University – Ozamiz City
August 2025 – September 2025

- Developed responsive websites using HTML, CSS, JavaScript, and modern web design principles.
- Collaborated with classmates in designing and implementing school-based web applications.
- Created user-friendly interfaces with mobile-responsive layouts and cross-browser compatibility.
- Assisted in debugging, testing, and improving website performance and functionality.
- Applied version control and project management practices during development.

Virtual Assistant | Remote Work

September 2024 – March 2026

- Managed administrative operations, scheduling, data entry, and client communications.
- Conducted business research and prepared reports supporting decision-making.
- Managed social media content, audience engagement, and customer support.
- Utilized Google Workspace, Microsoft Office, Trello, and Asana for productivity.

Online English Tutor | Remote Work

January 2023 – August 2024

- Delivered personalized English instruction to students of varying proficiency levels.
- Monitored student progress through assessments and performance tracking.
- Utilized Zoom, Google Classroom, and interactive learning tools.
- Assisted students in IELTS, TOEFL, and academic exam preparation.

EDUCATION

La Salle University – Ozamiz City

Bachelor of Science in Computer Engineering (BSCpE)

Graduation Date: year 2028 | Current GWA: 1.25

Concentrations: Programming, Networking, Embedded Systems, Software Development, Robotics

TECHNICAL SKILLS

Programming: Python, Java, C#, C++, PHP

Web Development: HTML, CSS, JavaScript, React, Angular, Node.js, MySQL

Computer Engineering: Embedded Systems, Arduino, Robotics, Networking Fundamentals

Cybersecurity: Ethical Hacking Fundamentals

Tools: Google Workspace, Microsoft Office, Trello, Asana, VS Code, GitHub, Canva, Adobe Apps

PROJECTS

- AI Tic-Tac-Toe Game (Python)
- Responsive Web Development Projects
- Arduino-Based Automation Projects
- Software & Hardware Integration Projects

LANGUAGES & INTERESTS

Languages: English, Bisaya, Filipino/Tagalog, Basic Russian

Interests: Programming, Web Development, Robotics, Arduino, Photography, Music, Drawing, Charcoal Portraits
